PUNTEO®-N

MODERN RECESSED LUMINAIRE WITH LED TECHNOLOGY

PUNTEO®-N is a high-efficiency LED recessed luminaire with high energy savings and excellent anti glare fitting at maximum light emission. For example, the downlight can be optimally integrated into the cells of open-cell ceilings so that the luminaire body is invisible. Placed behind the ceiling system, the PUNTEO®-N creates a plane effect lighting [corona effect], which is ideally suited for orientation in large rooms and accentuation of desired areas due to the arrangement and color scheme.

ADVANTAGES

- Perfect integration into open-cell ceilings
- Tunable White
- Excellent anti glare light fitting
- Requirements for an efficient lighting system are met
- Various lighting techniques available

TECHNICAL DATA

PUNTEO®-N | LED-DOWNLIGHT

Surface: Black [standard], white

Power, Lighting colour, Luminous flux:

8 W, 3000 K, 850 lm

8 W, 4000 K, 905 lm

8 W, 2700 / 5000 K, 900 lm

Lighting colour: Tunable White [2700 - 5000 K] or single colour

Colour rendering: CRI > 80

Light distribution: 2 x 38°, 2 x 20°

Luminaire efficiency: up to 93 lm/W

LED driver: not included

Dimmable: via DALI

Connection: plug-in system

Protection system: IP 20

Protection class: III

Optimal for open-cell ceilings with cell dimensions [W x L] > 30 x 30 mm | Height: 30 / 40 mm
